

To reset your Aspen password please follow the steps below:

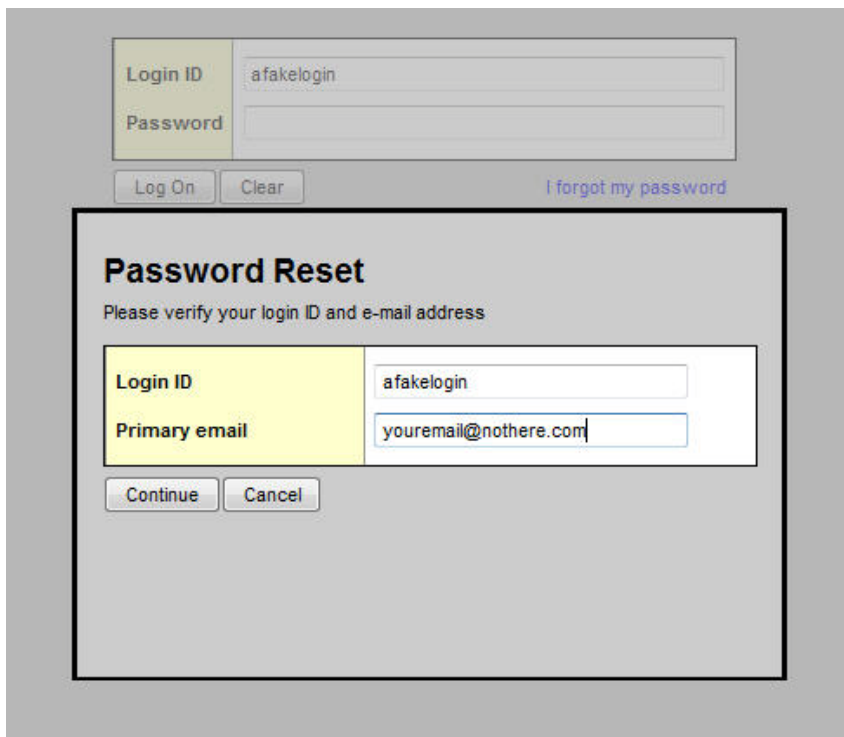

Go to the login page at <https://www.x2dev.net/cumberland>

1. Type in your userid

A screenshot of a login form. It has two input fields: 'Login ID' containing 'afakelogin' and 'Password' which is empty. Below the fields are 'Log On' and 'Clear' buttons. To the right of the buttons is a blue link that says 'I forgot my password'. A red arrow points from the bottom right towards this link.

2. Click on the I forgot my password link
3. The following box will appear (this should be the email that was used during your first setup of the account)

A screenshot of a 'Password Reset' verification screen. At the top, there is a faded version of the login form with 'afakelogin' in the 'Login ID' field and 'I forgot my password' link. Below this is a larger box with the title 'Password Reset' and the instruction 'Please verify your login ID and e-mail address'. Inside this box are two input fields: 'Login ID' with 'afakelogin' and 'Primary email' with 'youremail@nothere.com'. At the bottom of the box are 'Continue' and 'Cancel' buttons.

4. Give the program 3-5 minutes and check your email. Your temporary password will be sent to this address. You will need to create a new password when you log in for the first time with the temporary password.

Please read all of the boxes to follow the guide lines for the reset.
