STUDENTS

I

PRESCHOOL TUITION

I-5

The rate for preschool tuition for community partners (students) will be set on a yearly basis based upon fiscal considerations.

The Cumberland School Department policy for preschool tuitions when there is more than one immediate family member attending preschool is that after the first child, each additional child will be eligible for a tuition reduction of 50% of the tuition cost.

There are no additional discounts or free tuitions based on any “means testing” such as free or reduced meals.
